CUJ organised interactive session with Industry expert

■ NW REPORT JAMMU, MAY 27

The Department of Electronics & Communication Engineering (DoECE) at the Central University of Jammu, under the patronage of Hon'ble Vice Chancellor Prof. Sanjeev Jain, successfully organized an industry interaction with Enthu.ai (Enthu Technology Private Limited). The event, which took place in the Seminar Hall of the ISRO Building, aimed to explore internship and placement opportunities for the students.

The interaction featured a keynote address by Parth Verma, Co-Founder and Chief Technology Officer (CTO) of Enthu.ai. Mr. Verma shared valuable insights into the technology industry, highlighting the latest trends, essential skills for success, and the specific roles and responsibilities available at Enthu.ai for interns and new

graduates. His presentation provided students with a comprehensive understanding of what is expected in the professional world and the dynamic nature of the tech industry.

Students had the opportunity to engage directly with Mr. Verma during a lively Q&A session following his talk. They eagerly inquired about various aspects of career development, the working environment at Enthu.ai, and the application process for internships and placements. This interactive segment allowed students to gain firsthand knowledge and clarify their doubts about pursuing careers in the tech industry.

Prof. Rakesh Kumar Jha, Head of the Department of Electronics & Communication Engineering, emphasized the significance of such interactions in equipping students for successful careers. He remarked, "Engaging with industry leaders like Mr. Parth Verma provides

our students with a unique opportunity to understand the real-world applications of their studies and the dynamic nature of the technology sector." He praised the session for being incredibly informative and inspiring, noting that it gave students a clearer picture of the career opportunities in the tech industry and how they can align their skills and aspirations with industry needs.

The Central University of Jammu expressed its gratitude to Mr. Parth Verma and Enthu.ai for their cooperation and support in making this event a success. Such initiatives are part of the university's ongoing efforts to bridge the gap between academia and industry, ensuring that students are well-prepared for their future careers.

The event was well-attended by esteemed faculty members, including Dr. Sachin Kumar Gupta, Dr. Sanjeev Yadav, Dr. Sunil Dutt Sharma, Dr. Misbah Shafi, Dr. Rajiv Kumar, Dr. Parvesh Pal, Dr. Priyank Sharma, and Haneet Kour. Their presence underscored the importance of fostering strong industry-academia connections to enhance the educational experience and career readiness of students.

Overall, the industry interaction with Enthu.ai was a significant step towards enriching the academic environment at the Central University of Jammu and providing students with valuable insights and opportunities in the field of technology.
